

## WINTER'S KNIGHT

By Nox Arcana

21 Tracks, with a total running time of 1:03:50 min.

This latest release from Nox Arcana may not have the eerie, creepy music from their previous two releases, but that's not to say it's not haunting. With this cd, they went into more of a gothic or ghostly sounds for the winter holidays. This is not a Christmas album by no means. But one that gives off the feeling of quite and moody nights in the woods, with a light snow falling under the full moon.

If you're a fan of their previous works, then this will fit nicely in your collection. They have done another excellent job of giving us fans some great background music to listen to set the mood.
